ADVANCED PROGRAMS

Courses marked "H" on this transcript are part of a special sequence of classes (enriched or accelerated) with high academic standards leading to an Advanced Placement "AP" course at college level. The process of selecting students for Advanced Program courses follows a rigorous set of standards. These courses provide intellectual challenge beyond that of regular college preparatory courses. Therefore, the school hopes that the college admissions office will consider the nature and quality of the work, as well as the grades, in assessing this record.
